## Peacebuilding Commission

Second session

Burundi configuration

20 March 2008

### Conclusions and recommendations of the Peacebuilding Commission on the situation in Burundi

#### Observations

1. The Peacebuilding Commission raised concern over the withdrawal of Palipehutu-FNL from the mechanism established to implement the 2006 Comprehensive Ceasefire Agreement in its conclusions and recommendations dated 21 September 2007.
2. The Chair of the Peacebuilding Commission's Burundi configuration participated at a meeting convened by the South African Facilitation in Cape Town on 22 and 23 February 2008, at which the Programme of Action to Take Further the Burundi Peace Process was discussed. The Facilitation has since presented the Programme of Action to the Government of Burundi and Palipehutu-FNL.
3. The Peacebuilding Commission welcomes the active and continued engagement of the African Union, the Regional Peace Initiative for Burundi and the United Nations Integrated Office in Burundi (BINUB). It welcomes the renewal of the mandate of the South African Facilitation until 31 December 2008. The Peacebuilding Commission commends their renewed efforts to get Palipehutu-FNL to resume their participation in the implementation mechanisms of the Comprehensive Ceasefire Agreement, namely the Joint Verification and Monitoring Mechanism.
4. In addition to the Mechanism, a Political Directorate, comprising a representative of the Facilitation, the Executive Representative of the Secretary-General for Burundi, the African Union Special Representative for Burundi, the Ambassadors to Burundi of Uganda, the United Republic of Tanzania and South Africa, a representative of the European Union and representatives of the Government and Palipehutu-FNL, has been established. The Political Directorate, to be based in Bujumbura, will facilitate dialogue on any political obstacles that might arise during the implementation of the Comprehensive Ceasefire Agreement,

promote trust between the parties and help implement any political arrangements they reach.

5. Despite positive developments, concerns have been raised over recent violent incidents in Burundi, such as the clashes at Gatumba on 29 February and grenade attacks against four parliamentarians on 8 March. The African Union, BINUB and the Secretary-General have all issued statements expressing concern and calling on the parties to bring the perpetrators to justice without delay and work together through national democratic institutions to ease the current tensions. The Government of Burundi also issued a statement condemning the grenade attacks and indicating its commitment to investigate the attacks and protect the population.

## **Conclusions**

6. The Government of Burundi and Palipehutu-FNL bear the primary responsibility for the full implementation of the Comprehensive Ceasefire Agreement and the conclusion of the peace process.

7. The Facilitation, the Regional Peace Initiative, the African Union, the United Nations and the international community are working together to create propitious conditions for the full and expeditious implementation of the Comprehensive Ceasefire Agreement.

8. There is consensus among the international community that the political, security and socio-economic reintegration dimensions of the peace process must be addressed simultaneously to ensure the successful implementation of the Comprehensive Ceasefire Agreement.
