Letter dated 13 June 2013 from the Permanent Representative of the Sudan to the United Nations addressed to the President of the Security Council

Further to my letter dated 10 June 2013 (S/2013/342) regarding the continued support of the Government of South Sudan to the rebels in Southern Kordofan and Blue Nile States and Darfur, the so-called Sudanese Revolutionary Front, I have the honour to enclose herewith the following documents, which contain detailed information about said support:

- Report dated 10 May 2013 of the Joint Border Verification and Monitoring Mechanism on border corridors identification missions (annex I)
- List of positions of the Sudan People’s Liberation Army inside Sudanese territory as of June 2013 (annex II)
- Document on the Government of South Sudan supporting and harbouring Sudanese rebel groups (annex III).

I should be grateful if you would circulate the present letter and its annexes as a document of the Security Council.

(Signed) Daffa-Alla Elhag Ali Osman
Permanent Representative

Report of the Joint Border Verification and Monitoring Mechanism on border corridors identification missions

Mission 1
27 April 2013

- The joint team travelled from Kadugli to Heilig by helicopter;
- From Kadugli Airport the team moved to the border area by ground transport;
- The team was stopped by South Sudan guard element at the point with global positioning system (GPS) reference N9°46'17.2" E29°31'11.0", around 3.0 kilometres north of the zero-line location as per the coordinates of the African Union High-level Implementation Panel on the Sudan;
- Lacking permission to proceed, the team turned back.

Mission 2
4 May 2013

- The joint team travelled from Kadugli to Heilig by helicopter;
- From Kadugli Airport the team moved to the border area by ground transport;
- The team, having representatives from Juba after several negotiations with South Sudan guard posts personnel, managed to go further than the first time, but was finally stopped at the position with GPS reference N9°45'03.5" E29°32'05.8". This point corresponds to a location of Sudan checkpoint of the border-crossing corridor;
- The senior representative of the South Sudan security element deployed at the area requested to return the vehicles back to the territory of the Sudan and allowed the team personnel to wait until the situation was clarified;
- Finally, as no permission to carry out the mission was granted by the security element, the joint team was escorted back to the territory of the Sudan, and the team returned to base.
Second mission was not allowed to move beyond the point 183
