At its 142nd meeting, on 18 June 1947, the Council decided to invite the representative of the Chairman of the Military Staff Committee to take a place at the Council table. Adopted by 10 votes to none, with 1 abstention (Union of Soviet Socialist Republics).

At its 146th meeting, on 25 June 1947, the Council decided to submit a question to the Military Staff Committee. In the letter subsequently addressed to the Chairman of the Military Staff Committee by the President of the Council, the Military Staff Committee was requested: (1) to prepare and submit to the Council an estimate of the over-all strength of the armed forces which should be made available to the Security Council, indicating the approximate strength and composition of the separate components, land, sea and air; and (2) to indicate the proportion of this over-all strength that in its opinion should be provided on the basis of equality by the five permanent members of the Security Council.
