**Subject: Israeli violations and acts of aggression against Lebanon from 0800

Air violations

Six air violations by enemy Israeli reconnaissance aircraft and warplanes over various Lebanese areas were recorded, involving a total of three reconnaissance aircraft and sixteen warplanes.

Land violations

Between 1030 hours and 1530 hours, an excavator belonging to enemy Israeli forces accompanied by an enemy patrol fortified a position on the Lebanese side of the town of Ghajar with cement foundations and earthen berms.

Between 2340 hours and 2400 hours, enemy Israeli forces intermittently strafed the area surrounding their position at Ruwaysat al-Alam in the occupied Shab'a farmlands with medium-machine-gun fire.

In the wake of the Israeli enemy's use of cluster bombs against residential areas during its attacks on Lebanon, many of these bombs have been reported to have exploded, leading to the injury of one person during the period in question.

At 2100 hours in the town of Ain Baal a cluster bomb left by the recent Israeli aggression exploded, injuring Husayn Nasir (36 years old).
