Current situation

Welcoming the improvement in security conditions while *expressing concern* that the security situation in Darfur remains precarious due to the destabilising activities of a number of actors, including elements of some armed movements, auxiliary units of the Government of Sudan forces and militia groups, and which further exacerbate insecurity, threats against civilians in Darfur, inter-communal violence, acts of criminality, and the lack of development and rule of law,

Welcoming the reduction of military confrontations between Government forces and rebel groups, *noting* the announcement of unilateral cessations of hostilities by the Government of Sudan and by the Sudan Liberation Army/Minni Minnawi (SLA/MM), the Justice and Equality Movement (JEM)/Gibril and the Sudan Liberation Movement-Transitional Council (SLM-TC),

Expressing concern at ongoing clashes in Jebel Marra, which have resulted in burning down of villages, new civilian displacement, and restricted humanitarian access, *condemning* any violations of unilateral cessations of hostilities and *urging* all parties to abide by their unilateral cessations of hostilities, where they exist, and to immediately agree to a permanent ceasefire,

Recalling its resolution [2117 \(2013\)](#) and *expressing concern* at the threat to peace and security in Darfur arising from the illicit transfer, destabilising accumulation and misuse of small arms and light weapons, and the continued threats to civilians posed by unexploded ordnance, *recognising* the role of the Sudan-Chad Joint Border Force and the weapons-collection programme launched by the Government in this regard, and noting that the programme has contributed to the reduction in inter-communal violence and criminality,

Reiterating its demand that all parties to the conflict in Darfur immediately end violence, including attacks on civilians, peacekeepers and humanitarian personnel,

Noting that, notwithstanding the significant decrease in inter-communal conflicts, they remain one of the main sources of violence in Darfur and *expressing concern* at ongoing inter-communal conflicts over land, access to water and other resources, migration issues and tribal rivalries, including with the involvement of paramilitary units and tribal militias, as well as at the persistence of attacks against civilians, sexual and gender-based violence and grave violations against children, and that crucial grievances that caused the conflict remain unaddressed,

Humanitarian situation and displacement and development issues

Welcoming significant reductions in the number of internally displaced persons (IDPs), while *expressing concern* that a very significant number, approximately two million people, remain long term displaced, most of whom are in need of humanitarian assistance, and that new civilian displacements have occurred in the first and second quarters of 2018 as a result of clashes in Jebel Marra, that these clashes have also negatively impacted humanitarian operations in those areas, and *calling on* the Government of Sudan to facilitate immediately unhindered access for UNAMID and humanitarian actors to populations in need of humanitarian assistance, including those in areas of conflict,

Welcoming some improvements in the protective environment, and *noting* the reduction in the number of reported cases of human rights violations and abuses, while *recognising* UNAMID's reduced ability to monitor and verify reported human rights violations and abuses in the areas from which it has withdrawn and *expressing concern* that IDPs continue to face grave security threats including being killed, raped, or harassed as they conduct life-sustaining activities outside the camps and the worrying levels of sexual and gender-based violence and grave violations against children, as well as findings in February 2018 from the UN Special Representative of the Secretary General on Sexual Violence in Conflict that indicated an increase in sexual violence against children in Darfur, that victims of sexual violence often face denial, shame and stigma preventing them from reporting the crime or seeking assistance, further compounding their suffering, and denial of justice and accountability,

Encouraging the Government of Sudan to swiftly ensure that the UNAMID team sites already handed over and team sites that will be handed over in the future are utilised in line with the agreements made between UNAMID and Government of Sudan,

Underlining the importance of the Government of Sudan addressing the root causes of conflict and extending state authority, including through the strengthening of the rule of law and respect for human rights throughout Darfur in order to make the transition to peacebuilding possible and which should rapidly deliver real benefits for the people of Darfur,

Recognising the adverse effects of climate change, ecological changes and natural disasters, among other factors, on the situation in Darfur, including through drought, desertification, land degradation and food insecurity,

Recognising that the current national economic and fuel crisis in Sudan is having a negative impact on the humanitarian situation, food security, and the ability of the Sudanese government institutions, including the police, to provide services and access to areas of Darfur, *expressing concern* that the total number of people in need of humanitarian assistance in Sudan has increased from 5.5 million to 7.1 million as a result, and *calling on* the Government of Sudan to ensure safe and unhindered humanitarian access to meet the urgent needs of this population, and *calling on* donors, the regional authorities in Darfur, and the Government of Sudan to provide the financial resources necessary to reach those in need, including through the United Nations Country Team, and to undertake activities in support of the transition to peacebuilding, and urging the Government of Sudan and the local authorities to ensure there is an environment conducive to the provision of such activities, including improving access for development and peacebuilding actors,

Urging the Government of Sudan to ensure that the Darfur Peace Follow-up Office is properly resourced in order to continue implementation of the work of the former Darfur Regional Authority and the Commissions, *urging* donors and the

Government of Sudan to honour their pledges and fulfil their obligations in a timely manner, including those commitments made at the conference in Doha in April 2013,

Affirming that development can support a lasting peace in Darfur, *noting* that the Darfur Development Strategy only extends through 2019 and *calling on* the Government of Sudan and donors to engage and support the strategic review of the Darfur Development Strategy, with a view to extending it to 2025, and *further calling on* donors to ensure their funding is adequately aligned to Darfur's current development needs,

Recalling the commitments made by the Government of Sudan and other signatories to the Doha Document for Peace in Darfur (DDPD) to ensure the unhindered access of humanitarian assistance to the population in need and the protection of humanitarian workers and their operations in areas under their control, as well as to guarantee UNAMID unfettered freedom of movement in all areas and at all times in Darfur in the exercise of its mandate, and *further recalling* the role of the Implementation Follow-up Commission (IFC) in assessing the implementation of the DDPD,

Political situation

Reiterating that there can be no military solution to the conflict in Darfur, and that an inclusive political settlement is essential to ensuring peace, and *underscoring* the importance of fully addressing the root causes of the conflict, including management of land, water and other resources, in this regard *reaffirming* its support for the DDPD as a viable framework to address the root causes of the conflict, including for the peace process in Darfur, and for its accelerated implementation and *noting* that UNAMID's ability to facilitate progress in implementation of the DDPD is hampered by delays and the absence of an inclusive political settlement between the Government of Sudan and non-signatory armed movements,

Reiterating its support for the African Union High Level Implementation Panel (AUHIP) and the Roadmap, regretting the lack of progress in implementation, and *urging* all parties to immediately re-engage in negotiations with the AUHIP on the Roadmap to make immediate progress on the implementation of the Roadmap, including the signing of cessation of hostilities and humanitarian assistance agreements among the parties consistent with the first phase of the Roadmap, *urging* the signatories to consider mutually acceptable, viable options for the implementation of the Roadmap and further *urging* non-signatory groups to join negotiations without delay,

Noting that the Government of Sudan has continued to express its openness for outstanding opposition groups to join the Sudan National Dialogue process, and *encouraging* the Government of Sudan to create a more conducive and inclusive environment that would enable outstanding opposition groups to contribute to this process, including by contributing to the recommendations agreed in the national document, modalities for their implementation, and to join the National Dialogue process that would include the drafting of a new constitution,

Noting that local dispute resolution mechanisms play an important role in preventing and resolving inter-communal conflict, including conflict over natural resources, *urging* an intensification of effective efforts to prevent local disputes leading to violence, with its corresponding impact on the local civilian populations, *acknowledging* the efforts of Sudanese authorities, with the support of UNAMID, efforts of the United Nations Country Team and civil society, particularly through the Darfur Community Peace and Stability Fund (DCPSF), in this regard, *welcoming* the encouraging conclusion of several inter-communal peace agreements, with support from UNAMID, the United Nations Country Team and civil society, and *urging* their

continued work in collaboration with the Government of Sudan to find sustainable solutions to these conflicts,

Welcoming regional and other initiatives, undertaken in close interaction with the Government of Sudan, to address the root causes of the conflict in Darfur and to promote a sustainable peace, *commending* the efforts of the AU-HIP, led by President Thabo Mbeki and the efforts of the Joint Special Representative (JSR) to secure peace, stability and security in Darfur, including through support to international, regional and national efforts to revitalise the peace process and increase its inclusiveness,

Calling on all parties to comply with their obligations under international human rights law and international humanitarian law, *stressing* the importance that the Council attaches to ending impunity including through ensuring accountability and bringing to justice the perpetrators of crimes, including sexual and gender-based violence, committed by all parties in Darfur, *urging* the Government of Sudan to comply with its obligations in this respect, *recognising the role of* the Special Prosecutor for Darfur appointed by the Government of Sudan, particularly with respect to cases of sexual and gender-based violence, and *stressing* the need for progress in particular in investigating and prosecuting sexual and gender-based violence cases with respect to perpetrators on all sides, *reiterating* the call for swift progress on the draft Memorandum of Understanding providing for UNAMID and African Union observation of the proceedings of the Special Court, and *calling on* the Government of Sudan to investigate swiftly attacks against UNAMID, and to bring the perpetrators to justice,

Welcoming the improvement in freedom of movement for UNAMID as well as in the issuance of visas for UNAMID staff and the processing of UNAMID containers, but *expressing concern* that restrictions remain in place, including restrictions from the Government of Sudan on the conduct of night patrols all over Darfur and restrictions preventing UNAMID and humanitarian actors from reaching areas where there are instances of conflict in a timely fashion in response to the ongoing reports of violent incidents in the Jebel Marra area, and that obstacles, including bureaucratic obstacles, imposed on UNAMID continue to jeopardise its ability to deliver on its mandate, including visa restrictions targeted at some elements of UNAMID, particularly the human rights section, and ongoing delays in the processing of UNAMID containers, *recognising* the Government of Sudan’s commitment to cooperate with UNAMID and humanitarian personnel on all logistical issues and *calling on* the Government of Sudan to honour continuously its commitment in full

to ensure that humanitarian personnel and UNAMID can operate in support of addressing basic needs,

42. *Expresses serious concern* at the humanitarian situation in Darfur, at the threats to and attacks on humanitarian personnel and facilities; *acknowledges* improvements in humanitarian access, and *expresses concern* that access to some conflict areas where vulnerable populations reside remains restricted including in areas of conflict and insecurity, and at ongoing movement restrictions and bureaucratic impediments on humanitarian access by government forces, and to a lesser extent by militia groups and armed movements;

43. *Expresses concern* over the insufficient availability of funding for humanitarian actors; *stresses* the need for the timely issuing of visas and travel permits for humanitarian organisations, the rapid processing of technical agreements and reduced restrictions on recruitment and employment of personnel and the selection of partners; and *demands* that the Government of Sudan, all militia groups, including auxiliary units of the Government of Sudan forces, armed movements and all other stakeholders ensure the safe, timely impartial and unhindered access of humanitarian organisations and relief personnel, and the delivery of humanitarian assistance to populations in need throughout Darfur, in accordance with the relevant

provisions of international law and United Nations guiding principles of humanitarian assistance, including humanity, impartiality, neutrality and independence;

50. *Acknowledges* continued improvements in the issuance of visas and the clearance of UNAMID shipments, freedom of movement and the processing of travel documents, *reiterates* its concern that some hindrances remain to UNAMID in the implementation of its mandate, including that some elements of UNAMID, particularly the human rights section, continue to suffer from targeted visa restrictions, ongoing delays in the processing of UNAMID containers, movement and access restrictions, caused by insecurity, acts of criminality and significant movement restrictions by the Government of Sudan, militia groups and armed movements, including restrictions from the Government of Sudan on the conduct of night patrols all over Darfur and other restrictions preventing UNAMID from reaching areas where there are instances of inter-communal conflict in a timely fashion; *calls on* all parties in Darfur to remove all obstacles to UNAMID's full and proper discharge of its mandate, including by ensuring its security and freedom of movement; and in this regard, *demands* that the Government of Sudan, communicating and collaborating closely with its various agencies and all levels of local government bodies, recommit to and comply with the Status of Forces Agreement fully and without delay, particularly provisions relevant to the movement of patrols in conflict-affected areas and flight clearances, as well as those provisions relevant to the removal of obstacles to the use of UNAMID aerial assets, the timely processing of UNAMID's equipment and rations at the port of entry to Sudan, and the timely issuing of visas;
